Weight	Bid	Potential Occurrences	Lowest Score	Highest Score*
EXAMPLE				
500	Period of Dates Off: 10th - 12th	1	0	500
400	Weekends Off	4	0	1600
300	Avoid Carry-out Days greater than 0	3	-900	0

Use this sheet to calculate the \*Highest Score possible for each bid option you are using. This information will help you to notice when one thing might accidentally outweigh another. In the example the Period of Dates Off ends up having the least value of those three options, although the FA might be thinking it has the most.
